Non-residents of the Russian Federation attending the Conferences are required to have both a valid passport and a visa (if necessary). On request, the Conference Secretary will be happy to send a personal invitation for participation at the Conference.

To get a visa participants should complete the [Visa Application Form](#) and return it to the Conference Secretariat by fax or by e-mail (DEADLINE - June 15, 2010). Organizers will prepare the official invitation and send it to the participant. Such an invitation will allow the participant to get a visa at the local Russian Embassy (Consulate).
